

La Corporación de Ferias y Exposiciones S.A. Usuario Operador de Zona Franca, in the months of February and March of 2018 conducted two borrowing operation with its parent company, the Bogotá Chamber of Commerce, one worth \$16.000.000.000 and the other worth \$20.000.000.000, operations that were reported to the stock market on February 22,2018 and reached with the March 20, 2018 report.

Taking into account the current situation of declaration of economic emergency, today May 5, 2020 it was agreed to modify the initial conditions under which the debt operations described above were carried out, unifying these two operations in a single credit operation between la Corporación de Ferias y Exposiciones S.A. Usuario Operador de Zona Franca and its parent company, Bogotá Chamber of Commerce, under the following new financial conditions:

Credit value	Rate	Term	Grace period	Observations
\$30.178.305.556	IBR 90 days nominal + 2.60%	10 years	3 years in capital and interest	From the 4th year, finalized the grace period granted of 3 years, Corferias must pay the value corresponding to the capital plus the interest capitalized at the expiration of the corresponding grace period, payments to be made on a six-monthly basis. In addition, Corferias must pay current interest at the previously reported rate in quarterly installments.

This operation was approved by the Board of Directors, with the aim of meeting the fulfillment of the company's social object.
