

Bogotá March 22, 2020

The Bogota Chamber of Commerce and Corferias announce to the public:

- For the past two weeks, the Bogotá Chamber of Commerce, Corferias and the National Government have been working on a plan to expand the country's hospital capacity by making the facilities at the Corferias fairgrounds available to the authorities.
- This initiative will be considered by the Board of Directors of both entities in a joint and extraordinary session tomorrow.
- The coordination of the National Government, the Chamber of Commerce, Corferias and the Health Secretariats of several territorial entities, including Bogotá and Cundinamarca, is essential for the success of this project.
- The public will be informed in due course about the evolution of this initiative.
